THE MINTMASTER'S QUILL: An Editor's Prerogative

My Friends,

1994 has begun, and with it also commemoratives coinages. Wandered in the Wilderness, lived in famine, and been without for nearly three decades, these past twelve years have been the Promised Land. Correct?

The national numismatic publications announce in each issue new proposals; another bill regularly as clock-work passes the pork barrel Congress, and three Presidents without ceremony nor thought dutifully sign same into law. But For What?

Yes, we all in this hobby want commemoratives. Thirty years without is enough argument. The fine program of our northern neighbor, Canada, is a just comparison. This greatest nation on Earth deserves it. The abuses and corruption of the classical commemoratives, 1892-1954, have been rectified, and it is the thing to have. Correct?

The local coin clubs, our national and regional organizations, the national hobby publications, and all of us are for commemoratives, and who is not, but for what reason?

We have, as has been warned before, begun an endless trail of ever more events, anniversaries, causes, and even the whims of each Representative and Senator, all five hundred thirty-five, to commemorate with another, not one but several coins, from the United States Mint.

Congress, lusting with its sovereign power over coinage, Representatives and Senators, lost in their own self-worth and determine to show the folks back home, the voters, their legislative achievements, and countless special interest groups, seeking only money, will combine this year, and in any year, to mint any number of commemoratives.

But, Your Editor asks, and thus warns, these simple truths: Have all those commemoratives profusely minted since 1982 created any new interest in coins? Has our coin hobby benefited in any popularity and public acceptance? Have the long delayed coinage design changes happen? Have new people been introduced to our local coin clubs and larger organizations? Has the media given coverage? Has the level of numismatic creativity and art risen in this country?

Finally, and most candidly, are you satisfied? Has this stampede of commemorative coins been what you wanted?

These questions are to remind and to cause critical debate. Just as famine did no good for thirty years, neither has this feast of the past twelve years been the Promised Land.

We know neither extreme is what is best, and we know from history that the reaction will again be the same, leaving our hobby no better but maybe worst, for the bitterness and disillusionment left from this repeated flood of commemoratives.

Numismatically Yours,

Michael S. Turriani
Editor

Livermore Vallejo Coin Club Has MORE diverse drawings and contests than any club that Your Editor has read about! For the November 16th meeting, this Club held a 'Two-Part Program': First, Wheatie Race, "Teams race the clock to fill Whitman Coin Folders with Wheaties from big bags" and second, Ugly Coin Contest, "Let's see that coin you love to hate". The October 19th meeting also had a two-parter: Videotype on the recent American Numismatic Association (ANA) Convention and CHUCK WHITE talking on 'Collecting Gambling Tokens'. The September 21st meeting was talk on 'Irish Gun Money' by the LVCC's newsletter Editor; but, who is the LVCC's Editor? No name recorded.

Greater Houston Coin Club Was It Just Coincidence? The August Issue of the GHCC's Double Shift had a nice short article, 'Gun Money of Ireland' by BOB JONES. Interesting. BOB JONES noted a historical numismatic fact: "Did you know that Texas had its own form of Gun Money. In the Old West, when small change was scarce, the town's people used gun shell cases for change. Calibers below 45 were used as nickels, 45 calibers were used as dimes, and 50 calibers and larger were used as quarters". Although Houston, Texas is far from California, the GHCC actively exchanges its monthly Double Shift with any fellow coin clubs: "The Double Shift is being sent to coin clubs across the country on an exchange basis". Write to: "PO Box 2963, Houston, Texas, 77252-2963".

Alameda Coin Club Heard HANS HANSSON at its August 10th meeting speak on 'Cents', the coin, the penny, not what should be in your head! The ACC held its Annual Christmas Party last Friday,

December 17th, at Alameda's Bakers Square Restaurant. Due to relocation and time, ACC retired two long-time workers and boosters: WILLARD SPIERSCH after years as Treasurer and BOB STURN after years as Property Custodian.

Sacramento Valley Coin Club Earned a clear record \$708.50 in its Second Donation Auction held last October 13th. Eighteen members donated items with these donors having netted the most in total sales: first, GENE KNOWLES, twenty items, taking-in \$254.00, second, BOB and PATTI BANDI, at \$123.50, and third, CHARLES 'BEN' GAY at \$62.00. SVCC Editor BOB DECESARIS reported that 'BEN' GAY who is the Club's Auctioneer: "Your style and humor do make our auctions interesting week after week, with the 117th lot of the evening just as important and exciting as the first!". Exhibit winners at the SVCC Fall 1993 Coin-A-Rama were: JEFF SHELVIN, Best of Show, 'Toned Morgan Dollars', First Place, ED HOFFMAN, Military Payment Certificates', and Second Place, PATTI BANDY, Broken Bank Notes. Major change in the SVCC's 1994 meeting schedule: "the SVCC is scheduled to meet on the SECOND WEDNESDAY and FOURTH THURSDAY [changed from the Fourth Wednesday] throughout 1994 at the SMUD Service Center. The first meeting of the month will be an Educational Meeting in the FRONT ROOM (traditional meeting room); the second monthly meeting will be a REGULAR MEETING in ROOM B"; Room B is to the left side of the interior hallway. SMUD, Sacramento Municipal Utility District, Service Center is located at: '5026 Don Julio Blvd., North Highlands, California'. Meetings begin at 7:30pm.

Stanislaus County Coin Club Elected its 1994 Officers; they are: DAVE HITZMAN, President, JERRY HEISINGER, Vice-President, HAL DEBOARD, Treasurer, and no Corresponding nor Recording Secretary announced. The SCCC meets on the second and fourth Wednesday of each month at the 'Odd Fellows Hall, 2314 Lawrence Street, Ceres, California'.

The final revised mintage for the SSRC's 1993 medal in its Second World War Fiftieth (50th) Anniversary Silver Round Series is: 71. This Fifth Medal in the Series was designed by STAN TURRINI and remembers the Battle of Stalingrad, the Russian Front.

Redwood Empire Coin Club Important! Has voted to change its meeting date: effective November 1993 to the SECOND Wednesday. Time remains 7:30pm, and location remains Coddington Community Center, 1100B Coddington, Santa Rosa, two buildings left to Post Office. Here is your chance to make your own money. The Club will provide blank wooden nickels. You provide creativity and draw your own coins? Awards will be given for Most Original, Most Artistic, Most Coin-Like, Least Coin-Like, and Best Youth Entry". However, no record has been reported as to winners?
